

# IMMH2017

ORANGE COUNTY, CA  
SEPTEMBER 28 - OCTOBER 1

8<sup>TH</sup> ANNUAL INTEGRATIVE MEDICINE FOR MENTAL HEALTH CONFERENCE

[WWW.IMMH2017.COM](http://WWW.IMMH2017.COM)

## CONFERENCE OVERVIEW

This conference will give practitioners a whole body approach to successfully diagnose and treat underlying issues contributing to the manifestations of neurological, social, and behavioral disorders. Research has revealed that many disorders such as depression, bipolar disorder, anxiety, OCD, eating disorders, and autism spectrum disorders often have biomedical causes that contribute to symptoms, from nutritional deficiencies to chronic infections. Patients have better outcomes when these causes are addressed and treated through a combination of specialized testing and nutritional therapies, even in combination with traditional approaches.

This year's conference will have more new speakers and new topics than ever before! Check out the speaker line-up and presentation schedule at [www.immh2017.com](http://www.immh2017.com)!
